AGE	GIFT	DESCRIPTION
1	 	<p><u>GREAT GEARS</u> Not only for little hands, these colorful gears will have everyone intrigued by their stacking and connecting ability. Every time is a new experience as the bright colors and interesting shapes encourage creativity.</p> <p><u>ABACUS</u> Not just for learning math skills, little ones love sliding the colorful beads creating new patterns, eventually counting skills come into play when your child is ready... and the concept is already familiar!</p> <p><u>FROGGY SANDBOX</u> <u>100 Balls in Duffle Bag</u> A sandbox in winter? Well not exactly. We use this sandbox filled with plastic balls indoors during the winter for ball pit fun. When it warms up, pull outside and fill with sand. A great two-for-one gift.</p>

BUDDHA BOARD WATER ART

Create intricate designs while you paint with water and enjoy your creations before they evaporate and leave you with a clean slate to start again.

7

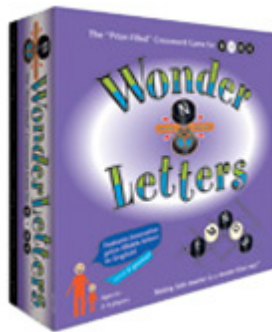

FIRST GUITAR

This scaled down version makes it easier for small hands to play while not compromising sound quality. Wonderful as a first instrument experience.

THREEK

Kids will be fascinated as they use this three in one scope to explore nature. Just twist different lenses into place and the Threek is a telescope, microscope and periscope all in one!

WONDERLETTERS

This game takes the frustration out of learning to read and makes it fun. Kids learn to spell by using interlocking words. Based on a system of rewards to keep it fun.

SHADOW MAGIC

Kids will have fun creating shadows and capturing them on the glow screen and then, using the included art guide, enhancing them with the built-in light pen.

COUNT ACROSS

Great for building math skills, just roll the dice and then add or multiply to

determine your move. Fill a row in any direction and you win. Roll doubles and knock your opponent right off the board!

POTHOLDER SET

Brightly colored loops are interwoven to create a variety of accessories such as belts, purses and the ever-popular potholder.

8

BADGE FACTORY

Both boys and girls will enjoy making their own badges with this kit and letting the world know their message. "I love soccer!" "Home work is overrated!" "Ban lima beans!" Makes up to 25 badges.

WONDERCHESS

Learning how to play chess can be very difficult for kids. So many pieces each with their own rules and a complex game of strategy. Many a kid just simply give up. But with Wonder Chess, kids are rewarded with each small victory because each playing piece is filled with a prize of your choice - jelly beans or motivational stickers work well. This keeps kids positive about the game as they learn this award-winning version of the game

MELODY LAP HARP

Playing music is easy with this lap harp from Romania. Simply slip in a song sheet and pluck the strings where marked and sing along. Even adults will enjoy this unique instrument.

SNOW BOARD MEMO BOARD

Snowboarding is all the rage with the 'tween set and with this message board they can take a little bit of the winter sport home with them. Use the board itself as a dry erase board or included magnets to attach pictures. Available in Red, Blue and white/pink.

MANICURE LAP DESK

This manicure lap desk serves up storage and a place to polish your nail in style. Add a few bottles of mom approved color polish and the gift is complete!
